

INVESTMENT TRAINING FOR TRUSTEES

TRAINING NEEDS ASSESSMENT

We offer a confidential knowledge and understanding assessment survey. The survey is completed by Trustees ranking their knowledge in key areas of pensions and investment. Once completed a report is produced to help identify knowledge gaps and prioritise training topics.

TRAINING SESSIONS

We provide a range of training on a wide range of issues for trustees. The training can be delivered in person following trustees' meetings or at annual training days. Alternatively training can be provided via narrated PowerPoint presentations available for trustees to stream at a time that best suits them.

The objective is to introduce topics and concepts that may be new to some trustees whilst ensuring there is sufficient detail to keep the presentation of benefit as a refresher to trustees with prior knowledge of the subject matter.

The presentations are primarily aimed at trustees of pension schemes and separate presentations are made for Defined Benefit and Defined Contribution types of scheme. Bespoke training can be prepared tailored to your requirements. Examples of training topics include:

- Introduction to major asset classes
- Overview of recent legislation and best practice
- Asset allocation and benchmarking
- Selecting an investment manager and monitoring performance
- Suitable investment options for members of DC schemes
- Mitigating ESG and Climate change investment risks

WHO WOULD FIND THIS SERVICE USEFUL?
